

A gold ring set with a Grand Tour carnelian intaglio. Obelisk with coat arms.

Circa: 18th century

Seal: 3.0 x 1.8 cm (1 1/8 x 0 3/4 inches)

Mounting: gold (18k) ; UK size R ; total weight 14,12 gr

French work, 18th century

A three-quarters obelisk, with a noble coat of arms on it (*to be identified*). On the base, an inscription bearing the date **1760**. On top, a ribbon coiled with the motto: **'SA DROITURE LE SOUTINT'**.

Beautiful clear engraving, originally in a seal converted into a ring (*the frame is contemporary with the stone, while the rod was added later*).
